Impact Report

Market leader in **Commercial IT and Print Supplies**

MediaForm has been a trailblazer in the Print/IT/Office Supplies industry for over 30 years. Proudly 100% Australian owned and operated, with offices in Sydney, Brisbane and Melbourne, leveraging over 200 years of combined industry knowledge and experience.

Originally starting up as MediaForm Computer Supplies, with a print focus, the newly rebranded MediaForm displays the business expansion of its portfolio of products and services in PC and technology while still serving its core print origins adopting the motto 'More than Print'. MediaForm serves customers both locally and abroad, predominantly Australia, but also surrounding countries like New Zealand, Fiji and more, reflecting our significant growth and brand recognition.

From humble beginnings, MediaForm has grown by consistently striving to provide superior service to our customers, going above and beyond to deliver tailored solutions for each client's unique needs. This dedication to customer service has enabled the company to build lasting relationships with numerous companies, working closely to meet their printing and technology requirements. Getting to know what our customers truly need without sacrificing security and environmental sustainability to tailor a complete solution while reducing cost at the same time.

Our commitment to **Security and Sustainability**

At Mediaform, we are devoted to making a positive impact on the environment while ensuring the safety and confidentiality of our clients' information and data.

data protection

We prioritise the security of your information through advanced encryption technologies and robust data protection policies.

secure products

Our products are designed with security features to safeguard sensitive data and prevent unauthorised access.

compliance

We adhere to industry standards and regulations to ensure that our practices meet the highest security requirements.

reducing carbon footprint

We continually strive to minimise carbon emissions by adopting energy efficient technologies and processes throughout our operations.

waste management

We implement effective waste management practices, including recycling and proper disposal of print and electronic waste.

sustainable products

Our product offerings include ecofriendly and energy rated options that help our clients with their environmental impact.

sustainable supply chain

We work with suppliers and organisations who share our values and adhere to sustainable practices in their operations.

How to Get Started

Registering for the MediaForm website is simple and quick. Visit mediaform.com.au and sign up as a business or simply checkout as a guest, and start exploring our offerings. Once registered, you will have access to a personalised dashboard where you can manage your orders, track shipments, and view exclusive deals.

Why Choose MediaForm?

Trusted Partner

With years of experience in the print and IT industry, MediaForm is a trusted partner for large enterprise, SMB, and various business verticals like education, health and hospitality, across the country

Commitment to Quality

We are dedicated to providing high-quality products and services that meet the rigorous demands of SMB to large business environments and multi-site organisations or institutions

Transform your **Healthcare Printing** with MediaForm

Reliable and Secure Printing: In the healthcare sector, having reliable and secure printing solutions is crucial. MediaForm's Managed Print Services (MPS) ensure that your printing infrastructure is always functioning optimally, providing consistent and high-quality output.

01.

Assessment and Consultation

Our experts assess your current printing environment and identify areas for improvement, providing a customised solution tailored to your healthcare facility's needs.

02.

Device Management

Proactive monitoring and maintenance of your print devices to ensure optimal performance and minimal downtime.

03.

Supply Management

Automated supply replenishment ensures you never run out of essential printing supplies, keeping your operations running smoothly.

Enhance your **Education Printing** with MediaForm

Our team conducts a thorough evaluation of your current printing setup, pinpointing areas where efficiency can be enhanced. We deliver a bespoke solution designed specifically to meet the unique requirements of your institution.

**01**

management**

**04**

**Reporting &
analytics**

Transform your educational printing environment with MediaForm's Managed Print Solution. Contact us to schedule a consultation and discover how we can help your institution save costs, enhance productivity, and achieve your sustainability goals.

Elevate your **Hospitality Printing** with MediaForm

In the hospitality sector, effective and reliable printing solutions are essential for providing an exceptional guest experience. MediaForm's Managed Print Solution (MPS) ensures your printing infrastructure is always functioning optimally, delivering high-quality output for all your hospitality needs.

Creating Exceptional Guest Experiences

Enhanced Guest Experience

Streamline the creation and distribution of guest materials, including brochures, menus, and informational leaflets, ensuring timely and professional presentation.

HP Protect and Trace with **Wolf Connect**

HP WOLF SECURITY

Maximise PC Fleet Utility, Prevent Data Loss.

Solution Overview

Today's hybrid work world has made managing and securing a fleet of PC's harder than ever. HP Protect & Trace with WolfConnect helps by allowing IT to manage and protect remote PC's.

The Challenge Reliable PC Fleet Management and Security

The typical PC fleet supports a variety of end-user requirements including hybrid or remote workers, contractors and temporary staff, and dedicated specialty systems for a variety of applications

Sustainable Impact Report

Goals and progress

Climate Action

Goal	Progress in 2022	SDGs
Carbon Emissions		
Reduce HP value chain greenhouse gas (GHG) emissions by 50% by 2030 (compared to 2019), and achieve net zero emissions by 2040.	HP's carbon footprint of 26,899,500 tonnes of CO ₂ e was 18% less than in 2019.	13
Reduce Scope 1 and Scope 2 GHG emissions from global operations by 65% by 2025, compared to 2015.	HP's global operations produced 151,500 tonnes of Scope 1 and Scope 2 CO ₂ e emissions, 61% less than our 2015 baseline.	13
Use 100% renewable electricity in our operations by 2025.	HP's global operations procured and generated 270,585 MWh of renewable electricity and attributes, equivalent to 55% of our global electricity consumption.	7, 13
Reduce first-tier production supplier and product transportation-related GHG emissions intensity by 10% by 2025, compared to 2015. ^{xxiii}	GHG emissions intensity decreased 8% through 2021, compared to 2015.	13
Help suppliers cut 2 million tonnes of carbon dioxide equivalent (CO ₂ e) emissions between 2010 and 2025. ⁱⁱⁱ	Suppliers avoided 1.70 million tonnes of CO ₂ e emissions. ^{iv}	13
Reduce GHG emissions from HP owned or leased auto fleet vehicles by 25% by 2025, compared to 2015.	During 2022, our company auto fleet accounted for 17,670 tonnes of CO ₂ e emissions, down 4% compared to 2021 and 23% less than in 2015.	7, 13
Achieve a 100% electric vehicle (EV) company fleet by 2030.	By the end of 2022, 4% of our fleet was EV and 35% was hybrid vehicles, including full hybrid and plug-in hybrid vehicles.	

Goals and progress

Climate Action

Goal	Progress in 2022	SDGs
Circularity		
Reach 75% circularity for products and packaging, by 2030. ^v	Reached 40% circularity, by weight.	12
Recycle 1.2 million tonnes of hardware and supplies by 2025, since the beginning of 2016.	Recycled 879,100 tonnes.	12
Use 30% postconsumer recycled content plastic across HP's personal systems and print product portfolio by 2025. ^{vii}	In 2022, we used 32,200 tonnes of postconsumer recycled content plastic in HP products—equivalent to 15% achieved.	12, 14
Eliminate 75% of single-use plastic packaging by 2025, compared to 2018. ^{viii}	55% reduction, from an average of 221 grams/unit in 2018 to 99 grams/unit in 2022.	12, 14
Reach zero waste in HP operations by 2025.	In 2022, we achieved an 87.7% landfill diversion rate globally.	12
Forests		
Counteract deforestation for non-HP paper used in our products and print services by 2030. ^x Continue to source only sustainable fiber for all HP-brand paper and paper-based packaging for home and office printers and supplies, PCs, and displays. ^{xi}	During the year, we addressed 32% of our total fiber footprint for paper used in our products and print services. ^{xii, xiii}	13, 15
Water		
Reduce potable water withdrawal in global operations by 35% by 2025, compared to 2015, focusing on high-risk sites.	HP withdrew 1,946,000 cubic meters of potable water across global operations in 2022, 39% less than in 2015, while continuing to make progress on risk reduction.	6, 12

Human Rights

Goal	Progress in 2022	SDGs
Empowered workers		
Reach one million workers through worker empowerment programs by 2030, since the beginning of 2015. ^{xi}	Through 2022, we reached 396,000 workers.	8, 10
Social justice, racial and gender equity		
Achieve 50/50 gender equality in HP leadership, by 2030. ^{xv}	Women represented 33.3% of director-level and above positions globally (as of October 31, 2022).	5
Achieve greater than 30% technical women and women in engineering, by 2030.	Women represented 23.7% of engineering and technology positions globally (as of October 31, 2022).	5
Double the number of Black/African American executives by 2025, from a 2020 baseline. ^{xvi}	Increased from a baseline of 3.0% in June 2020 to 4.4% as of the end of 2022.	8
Double Black/African American technical representation in the United States by 2025, from a 2020 baseline. ^{xvii}	Increased Black/African American technical representation in the United States from 2.3% in 2020 to 3.1%.	8
