Makita® Impact XPS™ Impact Bit Set, 60 Pc., Detent Ball/Magnetic Hex Locks, Matte Nickel

★★★★★ (0)

Ships Same Day

Product Description

Makita® Impact XPS™ is new innovation in fastening with insert bits and fastening accessories built for the demands of the professional contractor. The ImpactXPS Power Bits are designed exclusively for use with high-torque impact drivers, and are engineered to last up to 90-times longer than standard bits. High-strength steel delivers longer bit life, and the precision-fit tip is engineered to prevent "cam-out" and stripping. The torsion section of the bit flexes under load to take pressure off of the bit tip for increased durability. The high quality steel construction is engineered for increased durability and features a matte nickel surface for best in class corrosion resistance. ImpactXPS Power Bits are ideal for the most

demanding jobs including deck building, framing, installing plywood subfloor, and more. Contains 60 Pieces. Includes (2) 1-3/4" Magnetic Nutsetters, (1) 2-3/8" Insert Bit Holder, (1) Mag Boost, (45) 1" Insert Bits, (10) 2" Power Bits, (1) 1/4" Socket Adapter.

Specifications

Weights & Dimensions

Length	Various in
Socket Depth Style	Standard
Tip Size	Various in
Size	1/4"-2-3/8"
Opening Size	Various in
Output Drive	Various in
Set Size Range	1/4"-2-3/8"
Drive Size	Various in
Shank Length	1/4 in

Product Details

Type	Impact Bit Set
Measuring System	Various
Number of Pieces	60
Shank Type	Hex
Color	Silver
Description	Fastener Drive Bit
Package Quantity	60
Locking Type	Detent Ball, Magnetic Hex
Manufacturers Part Number	E-01644

Tip Type	Various
Brand	Makita
