Global Industrial™ Portable Dehumidifier, WiFi, Energy Star, 50 Pint

★★★★★ (0)

Ships within 1 Business Day

Product Description

Standout Features:

✓ ENERGY STAR certified.
✓ Wi-Fi control permissible through downloadable mobile app.
✓ Automatic shut-off feature prevents condensate overflow and spillage caused by constant unit operation.

✓ Four integrated wheel casters provide quick mobile transportation if needed.

This automatic defrost-enabled Global Industrial™ Portable Dehumidifier removes up to 50 pints of moisture from the air per day. The dehumidifier's air outlets are vertically positioned for optimum airflow dispersal. In addition, the top panel features digital touchpad programming options such as a timer, fan speed adjustment, and more for ease of use and convenience. This unit is suitable for offices, cubicles, and other small industrial spaces that need a slim but sturdy humidity-fighting machine. Air filter is washable for simple upkeep. UL and cUL listed.

- Electronic keypad interface and LED display provide easy control and monitoring.
- Lights above icon symbols easily indicate which mode is currently active.
- Min Temp: 41°F.
- Max Temp: 89°F.
- Included SJT type plug.
- Keypad controls are: Filter Reset, Fan Speed Change, Increase Button, Decrease Button, Timer Button, and On/Off Button.
