## Product Description

**Global Industrial 1-5/8" Post Base P2942eg, Electro-Galvanized, Sq**

1-5/8" Post Bases work with the Unistrut® framing system. The post bases are used to create a stronger base attachment for mounting fiberglass channels, handrails, and instrument stands in corrosive environments. Our bases have an electroplated zinc finish for lasting durability. Units are punch-press made and conform to ASTM specifications. Type is

**Post Base.** Hole quantity is **8.** *Note: This product is in stock and ships in 2 days. Product is sold in smaller quantities than competitors and priced competitively. All of our struts and accessories conform to the ASTM standard.
