Ships within 1 Business Day

Product Description

✓ Simple keypad operation with master key for emergency unlocking
✓ Available Lock Modes: Master, Sub-master, and User code
✓ Programmable in public mode or private mode

The Global Industrial™ Electronic Vertical Keypad Lock mounts to flat locker doors to provide added security for your belongings. These locks are suitable for locker doors on a 1-Tier, 2-Tier, 3-Tier, 4-Tier, or 6-Tier locker. This digital lock is the ideal for securing lockers in gyms, fitness centers, hotels, and similar facilities. The lock is easily programmable and can

be used in either public (default) mode for single-use passcodes or private mode for longer-term individual use. Surface mount for easy installation, but cannot be used on recessed handles. All-metal housing. Lithium button cell battery included. 1-Year Limited Warranty.

- Suitable for various door thickness from 0.6mm to 20mm
- Slim 10mm profile, vertical lock body
- One lock can switch between public mode and private mode freely
