Interion® Standing Height Table with Power, 72"L x 36"W, Natural

★★★★★ (0)

Ships within 1 Business Day

Product Description

Interion® Bar Height Computer Workstations combine durability with on-the-go productivity. 42" height provides comfort for standing and a foot rest for sitting when using a standard stool. Durability comes from a heavy duty steel frame supporting a 72" x 36" Shop-top bench top that is 1-1/2" thick. The top has clear lumber edge bands which are faced on two sides with 3/8" thick super hard 62 lb. high-density particleboard sealed with a catalyzed finish for liquid resistance. This Workstation from Interion® By Global Industrial has a super

strong MDF core. Protects against static build up and wont warp or split. Productivity comes from 8 AC power outlets - two pairs on each of the long sides of the table.
