Global Industrial™ Infinity® 1-Tier 3 Door Locker, 36"W x 18"D x 66"H, Tan, Assembled

★★★★★ (0)

In Stock, Ships in 3-4 days

Product Description

Infinity® Steel Lockers with catch-free recessed handle offer improved safety, security and appearance. Door handle with fingertip lift latch is recessed into the door face to create a smooth catch-free surface, to discourage the padlock from being cut off and to provide a neat, clean look. The results are improved safety, security and appearance. These quality lockers feature 16 gauge steel doors, 5-knuckle security hinge and welded, reinforced frame-and-door assemblies. Extra wide louvers promote ventilation. Legs add 6" to height. Durable, attractive powder coat finish. Lockers feature finished sides; no need for decorative

end panels. Lockers must be anchored securely to floors. 1-wide and 3-wide lockers have four foot plates included. Foot plates bolt to outside locker leg supports and maybe anchored to the floor. Anchors sold separately.

Lockers have secure 3-point positive locking system, hat shelf, stainless steel door latch and one double and two single-prong coat hooks (the 18" deep model also includes a coat rod). **Includes blank number plates. Assembled lockers are not returnable.**

Optional locker accessories (Numbered Plates, Closed End Bases, Slope Top Kits and Locks) sold separately. Due to various layouts you may select, locker accessories ship in a separate box. Install Numbered Plate by simply removing the blank number plate.
