Global Industrial™ 4' Outdoor Steel Bench w/ Backrest, Perforated Metal, Gray

★★★★★ (3)

Ships within 1 Business Day

Product Description

✓ Strong, lightweight perforated metal mesh promotes airflow
✓ Gray thermoplastic coating resists corrosion, fading, & heat accumulation
✓ Includes stainless steel hardware & (11) plastic safety acorn caps

DESIGNED FOR OUTDOORS:
Ideal for any outdoor setting, including schools, camps, parks, corporate or hospital break areas, and any other outdoor environment requiring seating options. Smooth, glossy

thermoplastic exterior coating on the seat is UV-resistant to protect against fading, is engineered to withstand summer heat & winter cold, and is thermal-stable to stay comfortable even in direct summer sun.

COMFORTABLE SEATING:
The 4' long by 12" deep bench seat has a high 1000-pound carrying capacity to allow multiple adults to comfortably sit. Beveled edges, rounded corners, and a backrest ensures a safe & comfortable experience. The smooth sitting surface is more comfortable to sit on than comparable expanded metal, especially when wearing shorts or skirts. Bench height measures 18" from the ground to make it easy to sit down & stand up.

RESISTANCE TO THEFT & VANDALISM:
Welded mounting tabs on the frame allow the bench to be permanently anchored to concrete, asphalt, and other surfaces to deter theft. The punched hole pattern of the perforated metal makes an unappealing surface for graffiti and paint does not adhere well to the thermoplastic coating, making it easy to clean.

INDUSTRIAL STRENGTH:
This heavy-duty perforated metal mesh bench promotes airflow, limits snow & dust accumulation, and prevents standing water. The perforations punched into the metal are precisely placed to avoid the edges and assembly points, providing additional strength with a clean & elevated look versus expanded metal. The heavy-gauge galvanized tubular steel frame is finished in a corrosion-resistant black zinc-rich powder coat. Stainless steel hardware won't rust or corrode over time and plastic protective acorn nuts keep dirt, dust, & water from penetrating the bolts while also preventing injuries from exposed bolt ends.

- Must be mounted with included tabs and hardware for safety & stability
- Limited 7-Year Warranty

Specifications

Weights & Dimensions

Length	48 in
Width	24 in
Height	33 in
Weight Capacity	1000 lbs

Seat Length	48 in
Seat Width	12 in
Seat Height	18 in

Product Details

Assembly Required	Yes
Type	Backed Bench
Frame Color Family	Black
Color	Gray
Finish Type	Thermoplastic
Material	Perforated Metal
Frame Material	Steel
Manufacturers Part Number	695744GY
Mounting Style	Surface
Collection	Perforated Metal Collection
Brand	Global Industrial
