Global Industrial™ Universal Forklift Safety Mirror, 8"L

★★★★★ (0)

Ships Same Day

Product Description

Standout Features:

✓ Adjustable clamp mount.
✓ Compact size with large field of view.
✓ Improve safety for driver, pedestrians, & facility.

The 8 x 5" curved Global Industrial™ Universal Forklift Safety Mirror provides the operator with generous field of view that allows them to survey their surroundings for safety before

moving the machine. A clamp-style base can be attached to vertical or horizontal bars and a simple ball joint allows the driver to place it exactly where they need it for optimal visibility. Limited 1-Year Warranty.
