✓ Container allows empty containers to nest when not in use
✓ Raised lip edges allow secure stacking
✓ Integral hasp inside handles accept cable ties for security

Simplify shipping container storage news with our Global Industrial™ Shipping & Storage Container with Attached Lid, a premier choice for many in the distribution industry. It features an improved all-plastic attached lid container that leads the industry in design and

proven performance. Manufactured from high grade-high density polyethylene plastic, the enhanced storage container is made to ship, store, and distribute goods and products in the toughest of environments. The all-new plastic hinge design means there is no metal in the hinge of the container – making this container the safest and most sustainable in the market. This storage container offers increased safety and durability – all at a great value.
