NEXELON® WIRE SHELVING

Limited Lifetime Warranty Against Rust

Dry Storage | Wet Storage | Cooler Storage | Freezer Storage

Nexelon® is the top of the line blue metallic finish designed to handle extreme wet, hot or cold environments. NEX**Gard®**, an anti-microbial agent that protects the epoxy coating from bacteria, mold, and mildew. Handles all environmental conditions. **NSF** approved for wet or dry use. Limited Lifetime warranty against rust and corrosion.

STAINLESS STEEL WIRE SHELVING

Limited Lifetime Warranty Against Rust

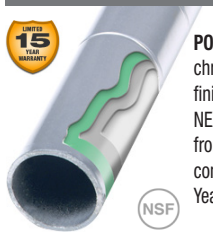
Dry Storage | Wet Storage | Cooler Storage | Freezer Storage

Stainless Steel provides stability and durability with a smooth, attractive, electro polished finish. Steel is designed to handle extreme wet, hot or cold environments. Rust and Corrosion resistance make these ideal for any storage requirement. **NSF** approved for wet or dry use. Limited Lifetime warranty against rust and corrosion.

POLY-Z-BRITE® WIRE SHELVING

15 Year Limited Warranty Against Rust

Dry Storage | Wet Storage | Cooler Storage | Freezer Storage

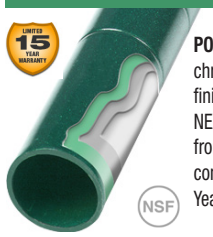


POLY-Z-BRITE® features a clear powder-epoxy over zinc-chromate electro-plating that ensures a strong durable finish and handles temperature and moisture extremes well. NEX**Gard®**, an anti-microbial agent protects the epoxy coating from bacteria, mold, and mildew. Handles all environmental conditions. **NSF** approved for wet or dry use. Limited Fifteen Year warranty against rust and corrosion.

POLY-GREEN™ WIRE SHELVING

15 Year Limited Warranty Against Rust

Dry Storage | Wet Storage | Cooler Storage | Freezer Storage



POLY-GREEN™ features a green powder-epoxy over zinc-chromate electro-plating that ensures a strong durable finish and handles temperature and moisture extremes well. NEX**Gard®**, an anti-microbial agent protects the epoxy coating from bacteria, mold, and mildew. Handles all environmental conditions. **NSF** approved for wet or dry use. Limited Fifteen Year warranty against rust and corrosion.

NEXELATE™ WIRE SHELVING

Attractive and Economically Priced

Dry Storage | Wet Storage | Cooler Storage | Freezer Storage

NEXELATE™ features a silver epoxy powder coat over rust inhibiting undercoat resulting in an attractive, rugged and affordable finish. **NSF** approved for wet or dry use. Limited Seven Year warranty against rust and corrosion.

BLACK EP WIRE SHELVING

Attractive and Economically Priced

Dry Storage | Wet Storage | Cooler Storage | Freezer Storage

BLACK EP features a black epoxy powder coat over rust inhibiting undercoat resulting in an attractive, rugged and affordable finish. **NSF** approved for wet or dry use. Limited Seven Year warranty against rust and corrosion.

CHROME WIRE SHELVING

A Brilliant Finish For the High-Tech Look

Dry Storage | Wet Storage | Cooler Storage | Freezer Storage

Bright, chrome over nickel electro plating creates a brilliant high gloss finish that is both durable enough for industrial storage applications and attractive enough for use in retail displays. Limited One Year Warranty in dry application and usage. **NSF** approved.

STORAGE & HANDLING EQUIPMENT

FilingSupplies.com | 800-810-3453

Standard

FINISH:
Available In 7 Finishes
CAPACITY:
600 to 800 lbs.

Standard shelves are available in seven different finishes to suit a variety of storage environments. Reinforced shelves with welded ribs provide added strength while the open design maximizes air and light circulation and minimizes dust accumulation. Choose from Chrome, Silver or Black EP, Poly-Z-Brite®, Poly-Green™, Nexelon® and Stainless Steel.

Solid Steel

FINISH:
18 Ga. Galvanized
or 304 Stainless Steel
CAPACITY:
Up to 600 Lbs.

Solid Shelves are available in 18 gauge galvanized steel or type 304 stainless steel. Shelves are temperature and moisture resistant and feature a raised lip around the edges to prevent spills from overflowing.

Heavy Duty/Dunnage

FINISH:
Poly-Z-Brite®
or Nexelon®
CAPACITY:
1000 to 1600 lbs.

Heavy Duty Dunnage Shelving is ideal for high density storage applications. Dunnage Shelves are constructed of 1" square steel tubing with removable wire decking.

E-Z Adjust

FINISH:
Chrome or
Poly-Z-Brite®
CAPACITY:
400 lbs.

E-Z Adjust Shelves can be added, removed or adjusted without disassembling unit. Includes suspension hooks for easy attachment onto shelving units without the use of tools. Open design minimizes dust accumulation and maximizes visibility.

Solid Plastic

FINISH:
Plastic
CAPACITY:
300 lbs.

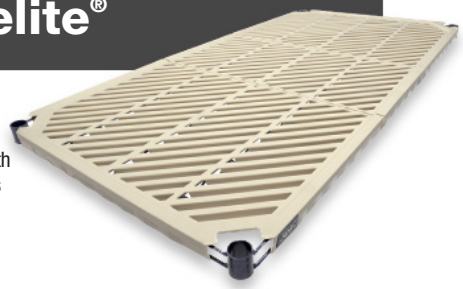
Constructed of durable, rust and stain resistant plastic that cleans with ease. Raised lip, surrounding the edge of each shelf, prevents spills from overflowing.

Wine Cradle

FINISH:
Chrome
CAPACITY:
100 lbs.

These attractive Wine Bottle shelves offer a safe way to display and store wine bottles. Each bottle is securely cradled by heavy gauge wire to prevent movement. Open air design permits air to circulate around the bottles for an even temperature. Shelves accommodate 9 to 13 bottles, depending on shelf size.

Nexelite®



FINISH:
Polymer Mats with
Nexelon® Frames
CAPACITY:
325 to 400 lbs.

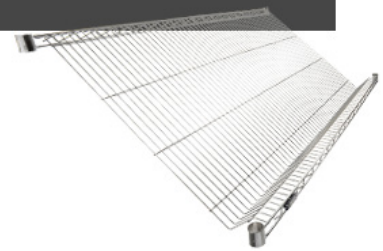
Nexelite® plastic mat shelving features a polymer composition that will not chip, rust or corrode and is dishwasher safe. Nexelite® shelves are used with Nexelon® frames that are protected by NEX**Gard**®, an anti-microbial agent that protects the epoxy coating from bacteria mold and mildew.

Wire Basket

FINISH:
Chrome
CAPACITY:
300 lbs.

Wire Shelf Baskets are great for merchandising and retail displays. Wire baskets can be used alone or with standard shelves to create custom shelving units.

Slant



FINISH:
Chrome
CAPACITY:
400 lbs.

Slant Shelves allow maximum visibility and accessibility. Product restocking is fast and easy. Rear load/front pick assures first in, first out product rotation. Angled shelves allow gravity feed.
