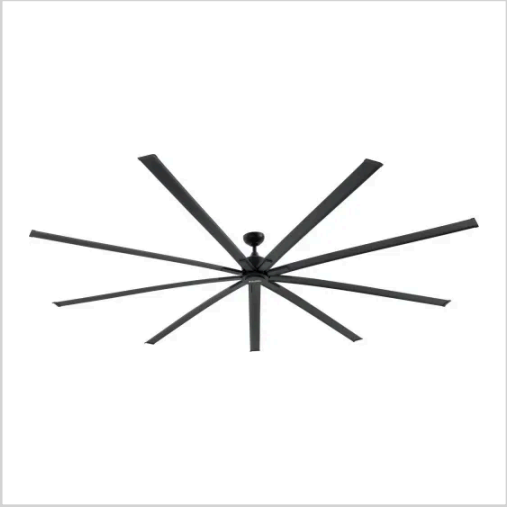
Global Industrial™ 108" Industrial Ceiling Fan, DC Motor, 6 Speed, 20000 CFM, Black

★★★★½ (6)



Ships within 1 Business Day

Product Description

✓ Moves approximately 20,000 CFM of air
✓ 6 selectable speeds with included remote
✓ Reversible for year-round use in hot or cold conditions

Designed to move large amounts of air, the Global Industrial™ 108" Industrial Ceiling Fan is powered by a 1/16 HP, 120V, 6-speed DC motor and generates up to 20,000 CFM at 81

RPM. The DC motor operates cooler and quieter than a traditional AC motor, making it more pleasant to work under, and is more efficient. The fan direction can be changed to circulate air up or down, depending on the temperature and condition to maintain a comfortable work environment. Included with the fan is a remote control to change the speeds when the fan is mounted on high ceilings. Limited 1-Year Warranty. UL, cUL listed.

For maximum airflow effectiveness, it is suggested to mount the fan at least 10' and not more than 25' above the ground.

- 9 aluminum blades with a 4° pitch
- Control all speeds & functions with included remote
- Meets OSHA standards for indoor use
- Includes all mounting hardware and 10" downrod

Specifications

Weights & Dimensions

Weight	25.5 lbs
Coverage Area	660 in²
Fan Diameter	108 in

Product Details

Assembly Required	Yes
Max Ambient Temperature	104 °F
Number of Speeds	6
Number of Blades	9
Motor Type	DC Motor
Mounting Location	Ceiling
Wattage	48 W
Reversible	Yes
Phase	1

Blade Type	Aluminum
Manufacturers Part Number	293049
Indoor/Outdoor	Indoor
Sound Level	50
Brand	Global Industrial
RPM	81 rpm
Type	Industrial
CFM	20000 CFM
Horsepower	1/16 HP
Color	Black
Amperage	0.7 A
Voltage	120 V
Includes	6" Downrod

Warranty

Warranty	1 yr
