Product Description

Master Lock® No. 1630 Quick Ship Stock Locker Lock Built-In Combo Lock with key access, for left handle, right hinged, 1,2 & 3 tier lockers doors. Order product by case quantity of 50 locks. Each case contains 1 control key and 1 combination chart. This Quick Ship Stock Locker Lock is to be used for a new key system, doesn't allow specified key code. An Existing key system will need to order standard Master Lock® 1630 Built-In Combo Lock with Key Access. Register the locks by completing the included form with Master Lock, thus enabling expansion of the system in the future unique to the facility. Master Lock Lockers' Locks may only be purchased through an official business or organization account.

Offering convenient automatic locking, the Master Lock No. 1630 Built-In Combination Lock series is designed for standard lift handle lockers and features five different pre-set combinations, easily changed to maintain security. Metal dial provides increased strength and security. Standard key control used for combination changes and allows quick supervisory access. Customization options are available along with ADA compliant models.
