Product Description

RIDGID® KWIK-SPIN®,W/ MAXCORE™ Cable, 25'L x 1/4"W

The new and improved KWIK-SPIN is an excellent choice for clearing blockages from small drain lines in showers, sinks, and tubs. The patented AUTOFEED trigger automatically feeds and retracts the cable as the drum turns. Features The AUTOFEED trigger makes the job quick and simple: Clean Hands Operation Avoid mess and minimize job-site cleanup. Easily Feeds Cable Trigger lock allows smooth, nonstop operation so you can get on to the next job. KWIK-SPIN features: Trigger lock button eliminates hand fatigue.25' of high-strength, kink-resistant 1/4" MAXCORE cable. Comfortable, reinforced hand grip.

Lightweight, polyethylene drum will not dent or rust.
