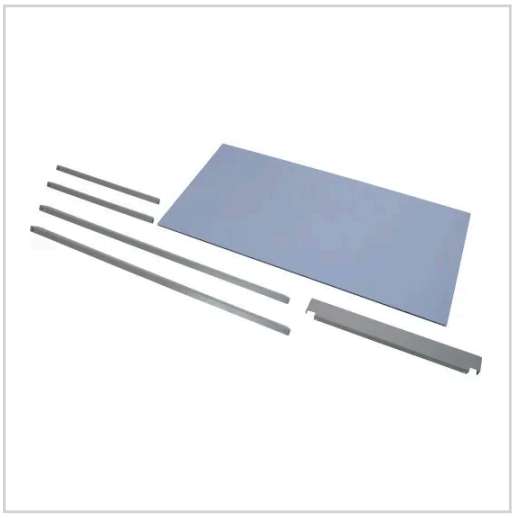
Global Industrial™ Commercial Duty Boltless Shelving Additional Shelf, 48"W x 18"D, Duradeck Deck

★★★★★ (0)



In Stock, Ships in 3-4 days

Product Description

✓ Engineered to hold up to 300 lbs. when evenly distributed
✓ Front & back single rivet beams for added stability
✓ Compatible with coordinating Global Industrial™ Commercial-Duty Boltless Shelving systems

The 48"W x 18"D Global Industrial™ Commercial-Duty Boltless Shelf is your solution for adding or replacing levels within your existing storage system. Ideal for reliable, everyday

organization, this additional shelf delivers the strength and stability required for supporting heavier loads. Each kit includes two steel side beams, a Duradeck shelf deck, and single rivet front and back beams that lock firmly into place using a button stud design to minimize shifting. The smooth, nonporous Duradeck surface resists moisture and wipes clean quickly, making it the perfect choice for healthcare and food service applications.

- Ideal for any industry where cleanliness is essential
- Durable roll-formed steel with a chip-resistant finish
