★★★★★ (0)

Available on or around 12/09/2026

Product Description

✓ Color-coded for easy visibility
✓ Heavyweight polypropylene material will form around equipment and hard-to-reach places
✓ Compact size makes it easy to place anywhere a spill occurs

Keep your workplace environment safe with the Global Industrial™ High Visibility Heavyweight Sorbent Pads. Their bright yellow color is easily identifiable from other pads and promotes safety in the workplace. With the heavy weight absorbency, these pads

provide additional strength with the perforated detail gives added flexibility and great wicking capabilities. The spunbond material increases strength and durability and can withstand rigorous use and consistent foot traffic. The fabric is also tear resistant so it won't incur damage when placed under equipment. 1-Year Limited Warranty.
