Global Industrial™ Steel Safety Bollard W/Chain Slots, Removable Base & Cap, 4.5"D x 36"H

★★★★★ (0)

Ships within 1 Business Day

Product Description

✓ Removable plastic cap allows concrete to be filled inside for extra reinforcement.
✓ Chain slots help connect to similar bollards to help form a more established barrier.
✓ Floor mountable and includes removable base.

Provide equipment protection and designate where industrial vehicles cannot enter with the Global Industrial™ Steel Bollard with Chain Slots & Removable Cap. This bollard is ideal for protecting doorways, corners, and industrial equipment. All welded steel construction.

Safety yellow powder coat finish provides strong visibility.

- Height: 36".
- Base Thickness: 3/8".
- Resilient 12 Gauge Steel.
- Moderate weight allows easy floor mounting.
