Product Description

✓ 14-gauge steel uprights & 12-gauge steel beams
✓ Supports up to 3,800 lbs. per shelf
✓ Upright frame features cross bracing for added strength and rigidity

This Global Industrial™ Extra Heavy-Duty Bulk Storage Rack Add-On Unit is a cost-effective solution for efficiently storing large equipment and bulk materials. Built for lasting durability,

this unit includes a 14-gauge steel upright frame that allows easy level adjustments at 2" increments, 12-gauge steel beams with (3) hooks at each end for a quick, positive connection, welded steel base plates, and safety pins for secure beam installation. This unit has (3) shelf levels, each of which is equipped with a rib-formed galvanized steel deck and has an impressive 3,800 lb. weight capacity. Designed to withstand rigorous use in demanding environments, this bulk storage rack easily attaches to a starter kit and is an ideal addition to warehouses, manufacturing facilities, distribution centers, and more.

- 5/8" thick rib-formed steel deck features a galvanized finish
- Welded base plates anchor to the floor for added stability
- Beams attach to frame without the need for tools
