Global Industrial™ Double Scissor Pallet, Container & Skid Grabber - Puller 5000 Lb. Capacity

★★★★½ (15)

Ships within 1 Business Day

Product Description

Our Double Scissor Pallet, Container & Skid Grabber pulls loaded pallets and skids, plus slide heavy crates, etc. to the edge of dock or truck so they can be picked up with a forklift truck. Easy, one-person pallet mover! Variable jaw width grabs the pallet securely and automatically releases. 3.3" maximum jaw opening, primarily used for center stringer pulling. Each grip pad area is 3"L x 3"L. 5000 Lb. Capacity

Optional **20 Foot** or **40 Foot Chain**, sold separately, attaches easily to help pull loaded pallets or slide heavy crates to the edge of the dock or truck so they can be picked up with a fork truck.

NOTE: OSHA requires contacting the manufacturer of your fork truck for written approval for the use of any fork truck attachments.
