Product Description

✓ Poly-Green® epoxy coating over zinc-chromate electroplating with anti-microbial finish
✓ Strong wire mesh paired with a secure, lockable door provides visibility & security
✓ Rolls smoothly on 4 polyurethane swivel casters (2 of which are locking)

The 36"W x 18"D x 69"H Nexel® Poly-Green® Mobile Security Truck is your solution for securely storing and transporting valuable inventory throughout your warehouse or facility. It rolls smoothly on four polyurethane swivel casters, two of which lock for added stability,

helping reduce the need for heavy lifting by allowing users to easily move bulk tools, equipment, and supplies between work areas. Constructed from high-quality steel, it features a green epoxy powder coat finish over zinc-chromate electroplating with NEXGard®, an antimicrobial agent that inhibits moisture, chemicals, bacteria, mold, and mildew. Its corrosion-resistant finish makes it perfect for use in wet or dry environments, while the open design with 2" square grid mesh promotes visibility, minimizes dust accumulation, and enhances air & light circulation. Ideal for industrial or commercial settings, this versatile security cage includes a set of lockable double doors, side & back panels, and four posts. Limited 15-Year Warranty.

- Double doors open a full 270°
- Open design minimizes dust buildup & promotes air, light, and sprinkler penetration
- NSF-approved for wet or dry use
- Epoxy finish is rust- and corrosion-resistant
