Ships within 1 Business Day

Product Description

The PHD 200 Commercial Dehumidifier reduces is ideal for installation in moisture-prone areas for humidity control, including labs, libraries, crawlspaces and other settings that require ongoing dehumidification. It's compact enough to fit almost anywhere, and it's tackable for easy storage. Ideal for high humidity environments, it can pump water 3 feet vertically from unit. Built-in Command Hub technology enables firmware updates using the Dri-Eaz® Command Center app, plus use WiFi for 24/7 remote monitoring, power and humidistat control. Onboard icon-based Command Hub screens also show temperature and relative humidity, error alerts, maintenance prompts and more. The PHD 200 provides automatic restart in case of power outage, plus a lifetime limited warranty; a six-year limited warranty covers the unit's compressor and coils. ETL certified to UL 474 and CSA 22.2 no. 92. Limited Lifetime Warranty on Body, 6 Years on Compressor & Coils, 1 Year Parts &

Labor. Made in the USA (with globally sourced components).
