Nexel® Security Wire Shelving Unit, 2 Quick Adjust Shelves, 48"Wx14"Dx66"H, Chrome, Unassembled

★★★★★ (0)

Backordered, expected around 03/18/2027

Product Description

✓ Strong wire mesh paired with door locks provides visibility & security
✓ Includes 2 adjustable shelves
✓ Long-lasting chrome plating for durability

This 48"W x 14"D x 66"H Nexel® Chrome Security Shelving Unit is a safer and more secure way to store valuable equipment and inventory. The open 2" square grid mesh ensures high

visibility, while the lockable double door (opens a full 270°) keeps contents protected. This security assembles easily and includes 1 door set, 2 standard wire shelves, 2 quick-adjust wire shelves, 2 side and back panels, 4 posts, shelf clips, and 4 adjustable leveling feet (with non-marring floor glides), which allow compensation for uneven floors. The chrome plating process consists of electroplated nickel-chrome, resulting in a brilliant high-gloss finish. The open wire truss-reinforced shelves feature front-to-back welded surface ribs for added strength, while the open design maximizes air & light circulation and minimizes dust accumulation. Limited 1-Year Warranty in dry application and usage.
