Ships within 1 Business Day

Product Description

Global Industrial 3/8-16 x 6 feet Threaded Rod is Zinc Plated Carbon Steel used in plumbing, contracting, and maintenance applications to join and stabilize structures or objects, often into ceilings or walls. Zinc plating construction retards the corrosion rate in a normal atmosphere. Note: All of these products are in stock and ship same day. Products are sold in smaller quantities than competitors and are priced competitively. All of our struts and accessories conform to the ASTM standard.
