Nexel® Ice Dispenser with Ice Machine & Bin, Air Cooled, 420 lbs. Production/24 Hours

★★★★★ (0)

Ships within 1 Business Day

Product Description

✓ Produces up to 420 lbs. of ice per 24 hrs.
✓ Durable, 304 stainless steel construction
✓ Free-standing design does not require intrusive construction

This Nexel® Ice Dispenser with Air-Cooled Ice Machine & Storage Bin offers a convenient and hygienic solution for dispensing ice in vending areas of hotels, motels, resorts, and

other hospitality spaces. Constructed from food-grade plastic and 304 stainless steel, this commercial dispenser allows guests to easily retrieve ice at their own convenience. This unit features an easy-to-operate push dispenser, adjustable legs for stability on uneven floors, a self-cleaning function, and an "ice full" sensor for automatic shut-off when the ice bin is full. Limited 3-Year Warranty.

- Push-dispenser and self-cleaning button make this unit easy to operate
- Different ice sizes can be selected
- Unit evaporator is copper nickel-plated for corrosion resistance
- DOE, Energy Star, ETL/cETL sanitation (NSF standard)

Installation Requirement: Global Pure Filtration system must be installed with a building PRV set to no higher than 80 PSI and an inline Global Industrial Water Pressure Regulator & Filter Protection Valve #270334.
