Product Description

Proto® 1/2" Drive Deep Impact Socket 3/4" - 6 Point, 3-1/4"L

- Proto® 6 Point Impact Sockets are ideal for use on stubborn or damaged fasteners, and also on fasteners made from soft materials.
- The TorquePlus™ design is a high performance drive configuration which allows for quick and easy socket engagement to the fastener flats, not the corners.
- The TorquePlus™ configuration employs a radius-corner design, shifting contact area and stress away from the fastener corners and distributing contact stresses over a large area of the socket, minimizing slippage.

- The TorquePlus™ internal design minimizes fastener rounding, helps to extend fastener life, and allows the user to more easily turn worn, rounded, or rusted fasteners.
- Socket size stamped on tool for easy identification.
- Side locking hole.

Specifications

Weights & Dimensions

Length	3-1/4 in
Socket Depth Style	Deep
Nut End Outside Diameter	1-7/64 in
Bolt Clearance Depth	2-5/8 in
Drive End Outside Diameter	1-1/8 in
Size	3/4 in
Opening Size	3/4 in
Nut Depth	1-5/32 in
Drive Size	1/2 in

Product Details

Type	Impact Socket
Measuring System	SAE (Fractional)
Color	Black
Socket/Wrench Points	6
Impact Approved	Yes
Manufacturers Part Number	J7324H
Brand	Proto
