Product Description

Elkay ezH2O Enhanced Bottle Filling Station, LZSTL8WSSP, Bi-Level, Filtered, Stainless, w/6000-gallon Filter & Quick Filter Change Wrapper

This ezH2O enhanced bottle filling station delivers a quick water bottle fill and helps sustainability efforts by minimizing use of disposable bottles. Consolidated, space-saving cooler and bottle filling design features a drop-down cooler wrapper for quick, convenient filter changes. Integrated look combines our exclusive Green Ticker™ that counts bottles saved and FillSafe™ filter recognition system that alerts to needed filter changes.br>

Features:

- Touchless, sensor activation (bottle filler) designed for easy use; easy-to-operate push-bar activation (bubbler).
- Hermetically sealed refrigeration system provides chilled water to satisfy thirst.
- Quick filter change wrapper provides easy access to filter from front and side of cooler for convenient and efficient filter change in under a minute.
- Fill rate is 1.1 GPM. Laminar flow provides clean fill with minimal splash. Real drain system eliminates standing water.
- Visual filter monitor with LED filter status indicator.
- FillSafe™ recognition automatically recognizes new filter and updates LED light back to green.
- The 6,000-gallon 51600C filter is tested and certified to NSF 42 and 53 for lead, Class 1 particulates, chlorine taste and odor reduction.
- Green Ticker™ informs user of number of 20 oz. plastic water bottles saved from waste.
- Key plastic components are manufactured with silver ion antimicrobial agent helping to provide clean, stain- and odor-free surfaces.
- Low-energy LED light encourages use, assists with filling dark bottles and illuminates in dark hallways.
- One-box packaging so the cooler and bottle filler ship together.
