Ships within 1 Business Day

Product Description

✓ 14-gauge steel uprights & 12-gauge steel beams
✓ Supports up to 2,750 lbs. per shelf
✓ Uprights are cross-braced for added strength and rigidity

The Global Industrial™ 3-Level Extra Heavy-Duty Bulk Storage Rack is a cost-effective solution for efficiently storing and handling substantial loads. Built for lasting durability, this starter unit includes (2) 14-gauge steel uprights that allow easy level adjustments at 2"

increments, 12-gauge steel beams with (3) hooks at each end for a positive connection, welded steel base plates, and wire decks for visibility. Thanks to the formed step beam frame, this bulk storage rack is able to support up to 2,750 lbs. per shelf, which is almost twice the capacity per level when compared to standard bulk racks. Designed to withstand rigorous use in demanding environments, this unit is ideal for warehouses, manufacturing facilities, distribution centers, and more.

- Includes safety pins for secure beam installation
- Welded base plates anchor to the floor for added stability
- Beams attach to frame without the need for tools
- Can accommodate an optional caster kit for mobility
