✓ Adjustable-height C-channel legs

48"W x 30"D Adjustable Height Workbench C-Channel Leg - Maple Butcher Block Square Edge - Black

One of the toughest industrial tops you'll find anywhere. Global's 1-3/4" Maple butcher block provides a durable work surface. Hardwood is kiln dried, electronically glued, sanded to 1-3/4" thickness. Smooth hardwood edges resist moisture and won't warp or splinter. Adjustable height legs feature removable duplex knockouts on front and rear for installation of either a hard wired electrical outlet or an optional plug-in outlet that easily screws into place with no wiring necessary. Steel parts are undercoated to resist rust and finished with black powder coat for durability. Bench stringer comes with mounting hardware to assemble legs to the bench top.

Leg height adjusts in 1-1/2" increments.

Specifications

Weights & Dimensions
