★★★★★ (0)

Ships within 1 Business Day

Product Description

Interion® By Global Industrial 24"W Partition Panels are a perfect endcap to help partially close off your cubicle. Deluxe partition panels feature a wood accent at the top of the panel. Measuring 24-1/4 inches, wood cap attaches to top of partition, trimming panels with a Cherry finish. Cap measures 1-1/2"H x 1-3/4"D. Office partition panels can be used to wrap around existing desks or new office furniture to create private office spaces, cubicles, reception stations and call centers for any office environment. Room partition panel is flame

retardant to meet the California 117 flammability standard. 1-3/4" thick fabric upholstered panel features an interior engineered wood (MDF) frame and honeycomb core covered with heavy tackable liner for structural strength and support. Panel trim is finished with self-extinguishing extruded polymer that offers optimum safety and rigidity. Partition includes adjustable leveling feet that are ideal for uneven surfaces. Purchase Steel Connectors to join multiple partitions and create various cubicle configurations (sold separately). 1 Year Limited Warranty.

Note: The wood top cap is a non-weight bearing accent piece for decorative purpose only. Do not hook or hang any item on top of the panel for safety measures.
