Product Description

✓ Allows for safer and easier handling of pallets
✓ Provides extra clearance for forklift operators
✓ Durable steel construction

This Global Industrial™ Pallet Rack Fork Clearance Bar makes maneuvering pallets easier while increasing the safety of forklift operators. Made from steel for long-lasting durability, this clearance bar can be positioned perpendicularly to the pallet rack beams, elevating the load 3" above the beam's level. This 42"D clearance bar is an ideal solution for warehouses

and other industrial facilities.
