Global Industrial™ 8' Outdoor Steel Bench w/ Backrest, Perforated Metal, In Ground Mount, Green

★★★★★ (0)

Ships within 1 Business Day

Product Description

✓ Strong, lightweight perforated metal mesh promotes airflow
✓ Green thermoplastic coating resists corrosion, fading, & heat accumulation
✓ Includes stainless steel hardware & (11) plastic safety acorn caps

DESIGNED FOR OUTDOORS:
Ideal for any outdoor setting, including schools, camps, parks, corporate or hospital break

areas, and any other outdoor environment requiring seating options. Smooth, glossy thermoplastic exterior coating on the seat is UV-resistant to protect against fading, is engineered to withstand summer heat & winter cold, and is thermal-stable to stay comfortable even in direct summer sun.

COMFORTABLE SEATING:
The 8' long by 12" deep bench seat has a high 1000-pound carrying capacity to allow multiple adults to comfortably sit. Beveled edges, rounded corners, and a backrest ensures a safe & comfortable experience. The smooth sitting surface is more comfortable to sit on than comparable expanded metal, especially when wearing shorts or skirts. Bench height measures 18" from the ground to make it easy to sit down & stand up.

RESISTANCE TO THEFT & VANDALISM:
To deter theft, this unit features two tubular steel legs that install directly into 18" of concrete. The punched hole pattern of the perforated metal makes an unappealing surface for graffiti and paint does not adhere well to the thermoplastic coating, making it easy to clean.

INDUSTRIAL STRENGTH:
This heavy-duty perforated metal mesh bench promotes airflow, limits snow & dust accumulation, and prevents standing water. The perforations punched into the metal are precisely placed to avoid the edges and assembly points, providing additional strength with a clean & elevated look versus expanded metal. The heavy-gauge galvanized tubular steel frame is finished in a corrosion-resistant black zinc-rich powder coat. Stainless steel hardware won't rust or corrode over time and plastic protective acorn nuts keep dirt, dust, & water from penetrating the bolts while also preventing injuries from exposed bolt ends.

- Limited 7-Year Warranty

Specifications

Weights & Dimensions

Length	96 in
Width	23 in
Height	51 in
Weight Capacity	1000 lbs
Seat Length	96 in

Seat Width	12 in
Seat Height	18 in
Back Height	12 in

Product Details

Assembly Required	Yes
Type	Backed Bench
Frame Color Family	Black
Color	Green
Finish Type	Thermoplastic
Material	Perforated Metal
Frame Material	Steel
Arm Type	Armless
Manufacturers Part Number	262077IGN
Mounting Style	In Ground
Collection	Perforated Metal Collection
Brand	Global Industrial

Warranty

Warranty	7 Years yr
