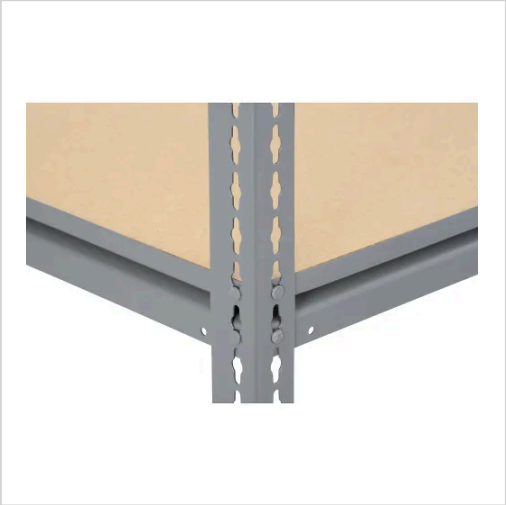
# Global Industrial 3 Shelf, Standard Duty Boltless Shelving Z Beam Starter, 96Wx24Dx84H, Wood Deck

★★★★★ (0)



Ships Same Day

## Product Description

✓ Max storage weight of 1000 lbs. per level
✓ Durable and adaptable storage for retail industrial and commercial spaces
✓ Open shelves are adjustable at 1 ½" increments
✓ Easy assembly-no bolts, nuts, or clips required

Global Industrial 3 Shelf, Standard Duty Boltless Shelving Starter with Wood Decking has horizontal beams that are roll-formed to a Z-profile for added shelf capacity. The wood

decking sits flush to beams for a neater appearance and increased stability. Various heights, widths, and depths accommodate nearly every area of your facility. For use in retail, commercial, and industrial applications. Open design allows four side access providing maximum flexibility.

Easy set-up with snap-in components. No nuts, bolts, or clips required. Sturdy roll-formed steel framing provides maximum support. Front-to-back supports help prevent beams from rotating when fully loaded. Double Rivet button stud construction locks perimeter beams into corner post forming a structurally secure joint, eliminating back and side sway. Each starter unit includes rugged 2 ¼" x 1 ½" 14 ga steel uprights that are punched on 1 ½" centers and double riveted horizontal Z beams that adjust vertically on 1 ½" increments. Chip resistant Gray baked enamel finish.

* Wire decking ships in two pieces.
