Global Industrial™ Sensor Bathroom Sink Faucet, 0.5 GPM, Chrome

★★★★★ (0)

In Stock, Ships in 3-4 days

Product Description

✓ Motion-activated infrared sensor with adjustable range
✓ Manual mixing valve with adjustable temperature control
✓ Includes (4) AA batteries

The Global Industrial™ Sensor Bathroom Sink Faucet is designed to easily generate the flow of water and provide sanitary hand-washing needs without touching faucet handles. This water-efficient solution is perfect for sinks in educational, commercial, or industrial

workspaces. Motion-activated mechanism helps conserve water and eliminate common touch points in restrooms and bathrooms. Battery operation allows for easy installation or retrofitting in virtually any setting. Filtered solenoid valve with serviceable strainer filter. Heavy-duty brass construction with durable chrome finish. Supply hoses included. 1-Year Limited Warranty.

- 0.5 GPM Aerator spray head
- ADA Compliant
