Global Industrial™ Flame Retardant Flexible Duct For 8" Fan, 16'L, Yellow

★★★★★ (10)

Ships within 1 Business Day

Product Description

Ducting easily converts blower fan (sold separately) to an exhaust fan with convenient, flexible ducting. Ducts include quick-connect coupling for easy blower attachment. Ducts are 16' long and made with 2-ply reinforced polyvinyl that is flame retardant and withstands -20° to 180°F temperatures. This product has limited warranty of 1 year.
