★★★★★ (1)

In Stock, Ships in 3-4 days

Product Description

Don't head indoors just yet - keep guests in comfort with the Global Industrial® Outdoor Patio Heater. Capable of heating up to 200 Sq. Ft., the carbon fiber lamp provides evenly distributed heat that keeps the atmosphere warm and inviting. Toggle through two power settings using the remote control to quickly and easily choose the setting that works best for your establishment. The all-metal design offers a sleek appearance that adds a modern flair to patios, decks, and more. IP55-rated to withstand dust and low pressure water spray. Comes with a built-in safety device that provides protection from overheating. ETL/cETL

Listed. 2 Year Limited Warranty.

Intended for outdoor settings. Can be mounted to the wall or ceiling, or can be moved as needed with the included stand. Installation must be completed by a qualified technician.
