All things,
even
the simplest,
can be made
better
and smarter®

From immersive consumer interviews to careful segmentation and ergonomics research, we study before we create. This holistic philosophy is called Advanced Human Engineering, and it results in tools that outperform the competition and feel like a natural extension of your body.

Our design promise

Every tool we design must exemplify our design ethos.

Ingeniously functional

Driven by the philosophy of continuous improvement, we look for unexpected ways to expand what's possible.

Uniquely user-friendly

Our commitment to superior ergonomics and intuitive designs results in tools that simplify the experience.

Aesthetically iconic

Our timeless look goes well beyond orange, universally recognized through its natural and essential form.

Impressively lasting

Our uncompromising commitment to quality delivers high-performing products that are guaranteed for life.

FIKARS®
