

PLGW Gamma

PLGW Supreme

- Fully rotatable 360°
- No tools or torque value required
- Patented latch reduces both installation time and labor
- Lifting point is rotatable by 360° when unlocked
- Interchangeable grade 10.9 bolt is corrosion protected and 100% crack-tested
- An integrated sleeve protects the surface of the load
- Traceable with serial number
- Available in UNC thread up to 1-3/4" and Metric thread up to M48
- Replacement latches available

Unlocked
Lifting point is
Rotatable - 360°

Locked
Lifting point is
Not Rotatable

*WLL is horizontal in plane
Design factor 4:1 - for reference purposes only
Important: Subject to technical changes!

Permitted
directions of pull

Not-permitted
directions of pull

Customized and maximum thread lengths are supplied with a washer and crack-tested, corrosion protected nut.

PLGW "Basic" version (Special Order Only)

- Offering the same benefits as the pewag PLGW supreme in terms of measurement, load capacity and application, the pewag PLGW basic differs only when it comes to assembly.
- Lifting point can be mounted hand tight using a standard Allen key then aligned in the load direction
- A special Allen key for sizes M8-M20 is available upon request.

No additional tools permitted

Special Allen key
