

# Grade 120 Winner Pro Lifting Program

## Strength Through Innovative Profile

**STRONG  
IS NOT  
ENOUGH**  
www.pewag.com

### Experience

Pewag is the first supplier of an innovative Grade 120 chain system

### ISO 9001 Certified

Quality approved European production by an ISO 9001 certified company

### Innovative Chain System

Due to its ruggedness can be used for many applications not just for lifting

### Higher Capacity

50% & 20% Higher load capacity compared to G80 and G100 respectively

### Weight reduction

Downsizing possible in many applications using G80 or G100 - providing excellent value

### Intelligent Profile

In order to reach the best mechanical performance, the material used was optimized on effective areas (blue area) and reduced on less relevant areas (red area)

### Longer Lasting

Due to higher wear resistance of chain profile

### Optimized Bending Resistance

Due to a 16% higher section modulus, compared to round steel chain. Stress in the chain is reduced (no red areas)

### Easy Visual Identification

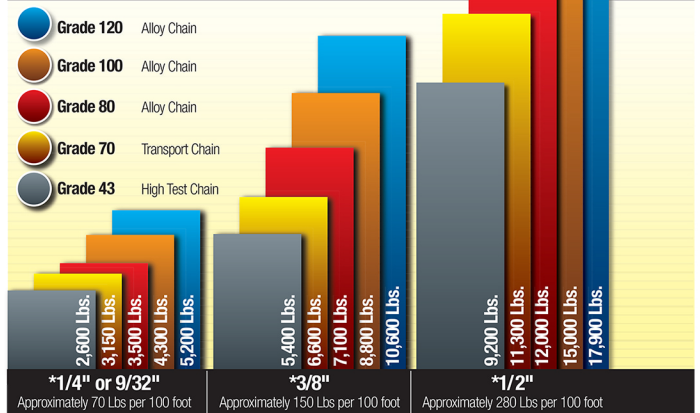

Due to profile chain and G12 Marking on every link

### Corrosion Protection

By means of light blue powder coating of chain and components

### Working Load Limit Comparison

\*Nominal Chain Size. Based on NACM standard.

## Chain & Accessories Available In 9/32", 5/16", 3/8" & 1/2"

**M Enlarged Master Link**

**VM Enlarged Master Link Assembly**

**C Connex Connecting Link**

**PS Grab Hook with Safety Pin**

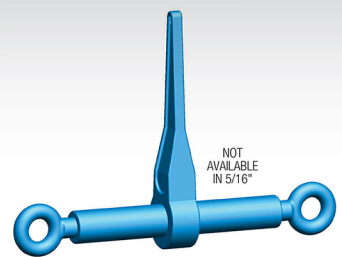

**HS Eye Sling Hook**

**LH Safety Hook**

**P Grab Hook**

**RLB Loadbinder**
