## LED LIGHT BATONS

Batons have 25 highly luminous LED bulbs. Plus they flash approximately 150-times per minute. Their three-stage switch also provides Off, Flashing, or Steady light. Each includes a wrist strap and weighs approximately 1 lb with two D-cell batteries (not included). 21½" x 1¾". Red.

Part No	Description
<b>RLBTF</b>	Red
<b>BLBTF</b>	Blue
<b>GLBTF</b>	Green
<b>E95BP2EN</b>	Energizer Max "D" Cell Batteries, 2/Pkg

## ECONOMY ALL-WEATHER TRAFFIC FLAGS

Flags are constructed of PVC and include ¾" wooden dowel handles. Fluorescent Orange.

Part No	Description
<b>TF1824TF</b>	18" x 18" w/ 24" Dowel
<b>TF1830TF</b>	18" x 18" w/ 30" Dowel
<b>TF2436TF</b>	24" x 24" w/ 36" Dowel

## ALL-WEATHER TRAFFIC FLAGS

Flags are reinforced, heavy-duty vinyl with ¾" hardwood dowels. Fluorescent Orange.

Part No	Description
<b>032293417CSP</b>	18" x 18" w/ 24" Dowel
<b>032293404CSP</b>	18" x 18" w/ 30" Dowel
<b>032293418CSP</b>	24" x 24" w/ 36" Dowel

## STOP & SLOW PADDLE SIGNS

Octagon-shaped paddles are 24" with an 81" high-vis orange plastic handle. Paddles meet MUTCD requirements.

Part No	Description
<b>03827PCSP</b>	Non-Reflective
<b>03822PCSP</b>	Engineer-Grade Reflective

## TRAFFIC PADDLES

Paddles come with vinyl grips in "STOP"/"SLOW" or "STOP"/"STOP". 18" Sign.

Part No	Description
<b>OSLCE18MT</b>	Stop/Slow, Plastic, Non-Reflective, 12" PVC Handle
<b>OSLCR18MT</b>	Stop/Slow, Plastic, Reflective, 12" PVC Handle
<b>OSLAE18MT</b>	Stop/Slow, Plastic, Non-Reflective, 12" PVC Handle
<b>OSSAE18MT</b>	Stop/Stop, Aluminum, Non-Reflective, 9" Steel Handle

## SAFETY FENCE

Re-usable, lightweight fence is constructed from polypropylene in a diamond pattern with a smooth top edge. 12 lb. Hi-Viz Orange.

Part No	Description
SF101RRC	4' x 100'

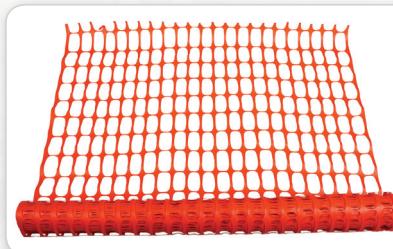

SF101RRC

## ECONOMY SAFETY FENCE

Re-usable, lightweight fence is constructed from polyethylene and is UV stabilized to resist fading. 8.5 lb. Hi-Viz Orange.

Part No	Description
SF4100TF	4' x 100'

SF4100TF

## A-FRAME BARRICADE LEGS & T-BOARD RAIL

Injection-molded, structural foam **A-Frame Legs** are extremely durable and will accommodate one or two T-boards or I-beams. **T-Board Rail** is made from exterior-grade, UV stabilized PVC, so it won't rot, crack, or peel. Plus it withstands extreme temperatures. Engineer-grade reflective sheeting comes standard on both sides of the T-board.

Part No	Description
9701004CSP	A-Frame Leg (Single), White
970102802CSP	T-Board Rail, 2" x 8" x 6', Orange/White

970102802CSP

9701004CSP

## BARRICADE LIGHT

Light is highly visible during evening and low-light hours. Its ambient photocell reacts to light, so it doesn't waste energy either. Its LED is also encased in high-impact plastic and the neck is essentially unbreakable. Lens has a 90° angle to increase visibility and three lighting choices: Flashing, Steady Burn, and Off. Light meets MUTCD requirements and is ITE certified. Uses four D-cell batteries (not included). Amber.

Part No	Description
0310WAYDCCSP	Barricade Light, 10/Case
E95BP2EN	Energizer Max "D" Cell Batteries, 2/Pkg

0310WAYDCCSP

## BARGARD® CAL-OSHA PROTECTOR CAPS

Metal-reinforced caps fit #3 – #9,  $\frac{3}{8}$ "– $\frac{7}{8}$ " Dia rebar. They are lightweight and chemical and weather resistant, offering excellent protection against impalement from rebar in concrete (up to  $7\frac{1}{2}$ ' and 250 lb). Meet CAL-OSHA requirements. Orange. 100/Pkg.

Part No	Description
971810CSP	$3\frac{1}{2}$ " x $3\frac{1}{2}$ "

971810CSP

## BARGARD® PROTECTOR CAPS

While not intended to prevent impalement, these caps do create a safer rounded end and provide a visual warning. 100/Pkg.

Part No	Description
9718121CSP	A10 Cap (Fits $\frac{3}{8}$ "– $1\frac{1}{4}$ " Dia Rebar & 1 $\frac{3}{4}$ " ID Pipe), Lime
971814CSP	A20 Cap (Fits 1"– $2\frac{1}{4}$ " Dia Rebar), White

9718121CSP

HDM18TF

## DOME MIRRORS

Made to help eliminate blind spots, mirrors feature  $\frac{1}{8}$ " acrylic construction with rubber edging. The full-dome design allows for 360° of viewing, while the half dome offers 180° and the quarter dome, 90°.

### Part No Description

#### Full Dome

FDM18TF	18"
FDM24TF	24"
FDM36TF	36"

#### Half Dome

QDM18TF	18"
QDM24TF	24"
QDM36TF	36"

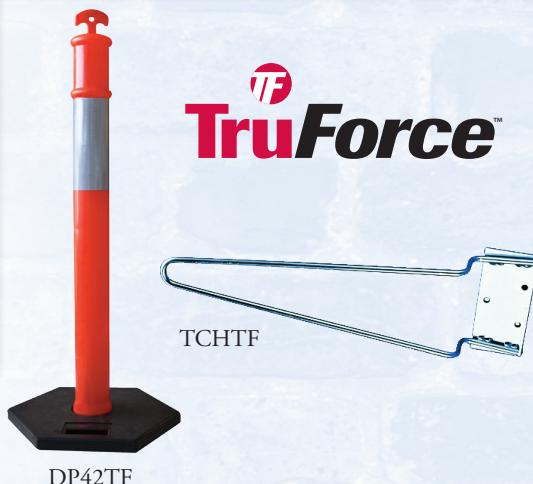

## RED SAFETY FLARES

New, eco-friendly formulation contains no potassium perchlorate and is coated with a light wax seal, making them more durable than before. Flares are UL912 compliant. Red.

### Part No Description

27200S*	20-Minute w/ Spike, 72/Case
27300S	30-Minute w/ Spike, 36/Case
93400S*	30-Minute w/ Wire Stand, 36/Case
07200S*	20-Minute, No Spike/No Stand, 72/Case
07300S*	30-Minute, No Spike/No Stand, 36/Case
FTFCSTS	Container, Holds (12) 30-Min. Flares

\* Cannot ship to AK, HI, PR, or Catalina

DP42TF

## TRAFFIC DELINEATOR

Featuring a two-piece design and a heavy base to help it withstand passing traffic, this delineator also has a reflective band and T-top to hold a standard barricade light or barricade tape. Fluorescent Orange.

Part No	Description
DP42TF	45", 13 lb

## TRAFFIC CONE HOLDER

Mounts on vehicles to hold 18" and 28" traffic cones.

Part No	Description
TCHTF	Cone Holder

## PACK & POP COLLAPSIBLE CONE WITH LIGHT

Lighted cones are made of orange, waterproof nylon with an orange-plastic base and an internal LED to enhance their visibility. Their interior light has two settings—flashing or steady burn—and uses two AAA alkaline batteries (included). 18" cones have one reflective stripe; 28" cones have two reflective stripes. Carry case included. Orange.

Part No	Description
0350106CSP	18" w/o Feet, 2 lb ea, 4/Pkg
0350103CSP	28" w/ Feet, 4 lb ea, 5/Pkg
0350102CSP	28" w/ Feet, 4 lb ea, 4/Pkg

0350106CSP

## ECONOMY TRAFFIC CONES

Cones feature a PVC design for superior flexibility in heat and cold. They also "bounce back" when crushed, while their wide body keeps them stable. Dayglow Orange.

Part No	Description
<b>TC12TF</b>	12", 1.5 lb
<b>TC18TF</b>	18", 2 lb
<b>TC186TF</b>	18" w/ 6" Reflective Collar, 2 lb
<b>TC28TF</b>	28", 4.5 lb
<b>TC2864TF</b>	28" w/ 4" & 6" Reflective Collars, 4.5 lb
<b>TC36TF</b>	36", 10 lb

## ENVIRO-CONE® TRAFFIC CONES

Manufactured from low-density polyethylene, these cones provide superior extreme-weather performance (no cracking or breaking down to -40°F). And they remain rigid, even in the hottest weather (up to 180°F). Their **Easy Grip Groove** handles make deployment and retrieval quick and easy too. NCHRP 350 compliant and meet all MUTCD requirements. Orange/Black.

Part No	Description
<b>160183VC</b>	18", 3 lb
<b>16018RCVC</b>	18" w/ 6" Reflective Collar, 3 lb
<b>160287VC</b>	28", 7 lb
<b>16028RCVC</b>	28" w/ 4" & 6" Reflective Collars, 7 lb
<b>160361VC</b>	36", 10 lb
<b>16036RCVC</b>	36" w/ 4" & 6" Reflective Collars, 10 lb

## W SERIES TRAFFIC CONES

Cones feature one-piece, injection-molded PVC construction with a rugged base. Engineered to meet MUTCD specifications and NCHRP-350 requirements. Fluorescent Orange.

Part No	Description
<b>03500050CSP</b>	18", 3 lb
<b>03500070CSP</b>	28", 7 lb

## DW SERIES TRAFFIC CONES

Wide-body cones feature PVC construction with rugged black bases. Meet NCHRP-350 certification and MUTCD standards. Orange/Black.

Part No	Description
<b>0350005CSP</b>	18", 3 lb
<b>0350007CSP</b>	28", 7 lb
<b>0350006CSP</b>	36" w/ 4" & 6" Reflective Collars, 10 lb
<b>0350010CSP</b>	28" w/ 4" & 6" Reflective Collars, 7 lb

## FLORIDA DOT TRAFFIC CONE

Featuring injection-molded PVC construction, this cone comes with a rugged black base and 4" and 6" reflective collars. It's Florida DOT approved and includes a Florida Department of Transportation stencil. Orange/Black.

Part No	Description
<b>0350025CSP</b>	36", 12 lb

## TRIPLE-TRIANGLE WARNING KIT

Reflective, plastic triangles are designed to stay where they're put—even in high wind. Triangles meet or exceed FMVSS 125 and all applicable DOT standards and all state requirements. They feature quick snap-lock set up, 360° rotation, and non-skid rubber feet to keep them in place. Three folded triangles come in a heavy-duty plastic case.

Part No	Description
<b>1005DTS</b>	Triangle Kit
<b>1005B1TS</b>	Vehicle Bracket

## STANDARD WHEEL CHOCK

Fiber-reinforced rubber wheel chock keeps light trucks and vans in place, thanks to its gripping, fluted design, which increases downward pressure, assuring tires always stay locked in place. 8.5 lb.

Part No	Description
<b>MDWCTF</b>	9" L x 8" H x 4½" W

## PREMIUM WHEEL CHOCK

The weight saving, wedge-shaped design of this premium molded-rubber wheel chock provides additional holding power for larger tire diameters. 7.3 lb.

Part No	Description
<b>PMWCTF</b>	12" L x 6½" H x 4½" W

## HEAVY-DUTY WHEEL CHOCK

Chock is made of reinforced rubber sheets, laminated between thick steel end plates. Its curved surface grips the road for superior wheel holding power, while a welded steel eye helps secure it against loss. 11.5 lb.

Part No	Description
<b>HDLWCTF</b>	11" L x 6" H x 8" W

**NOTE:** Chocks should be used only after vehicle is completely stopped and parking brakes fully applied and tested. Position wheel chocks snugly and squarely against the center of the tire tread area of each wheel. Always use wheel chocks in pairs and on firm surfaces. More than one pair may be required. Chock in direction of grade. Chock wheels on both sides of vehicle in direction of grade. Test chocks to ensure they meet your requirements. Always remove wheel chocks before attempting to move vehicle. Do not drive over wheel chocks. Improper use can result in product failure. These guidelines are not intended to be exhaustive. Please review and follow proper wheel chock procedures whenever using wheel chocks.

## DELUXE ROADSIDE EMERGENCY KIT

79-piece kit provides a complete selection of emergency signaling, lighting, survival, automotive, personal, and first aid products to protect one or more persons in the event of a roadside emergency until outside help arrives. Contents subject to change without notice.

Part No	Description
<b>8901OS*</b>	Deluxe Kit
