# Classic Series Athena Portable Table

More therapists choose the Athena portable table than any other and have over the past two decades. We credit that to its fully customizable and professional design, which helps you feel fresher at the end of the day while still giving clients the massage you intend. Built from premium materials, including North American hard rock maple, American poplar, birch and aircraft-quality cables, this table's unmatched craftsmanship is full of thoughtful, therapist-friendly details. Each Athena table is also rigorously tested to withstand up to 650 pounds of pressure. Face rest sold separately.

AT-2807
