# Classic Series Hands Free Deluxe Electric Table

The Classic Series Hands Free Deluxe Electric Table features a manually adjustable lift back and adjustable leg section that meets the needs of different massage services and allows for multiple positions to keep clients comfortable. The table also allows therapists to easily control the height of the table with the hands-free dual foot bar control that is built-in along both bottom sides of the table. Because of the table's design and functionality, therapists can move freely around the table without losing contact with their client. The durable, precision cut steel construction is complete with a whisper quiet lift system and easy-to-operate caster system to make moving the table a breeze. The table includes our standard upholstery with 3" deluxe wrap foam as well as a dual action face rest base, salon head support with neck pillow and swivel side arm supports. Crescent pillow not included.

**SThera-P-3007**
