

Bio-Therapeutic
Skin Care for life inside and out®

bt-micro®
ultrasonic exfoliation

The bt-micro is the ultimate in hand held professional technology that offers ultrasonic exfoliation using forward thinking technology. bt-micro ultrasonic exfoliation works by creating high speed oscillations, leaving skin smooth, fresh, and perfectly prepared for product application. The bt-micro is powered by a rechargeable battery, and is compact and lightweight.

Features

- Compact and agile: 1.8" W x 6.9" L x 0.5" H
 - Cordless, rechargeable battery system
 - Use in every facial
 - Weighs 2.9 oz

EXFOL

Get the perfect exfoliation in the EXFOL mode, pair with a gentle exfoliator for smooth, clean skin primed for product application.

SERUM

Apply ampoules and serums in the SERUM mode to get the most out of your products. Manually applying products are a thing of the past!

CREAM

Apply creams and thicker viscosity products in the CREAM mode to ensure maximum results

CLEAR

Fight decongestion with the CLEAR mode. Pesky blackheads or whiteheads? Use the bt-micro with a decongestant to assist with extractions.
