

bt-nano®

MINI MICROCURRENT FACIAL TONING SYSTEM

The bt-nano is the ultimate mini facial toning system, utilizing our exclusive patented Suzuki Sequencing® platform and convenient preset programming. This highly compact and versatile award winning equipment is a favorite with advanced skin practitioners, not only for its unparalleled results but for its profitability and versatility for performing short or longer microcurrent facial toning services. The bt-nano can be easily held in one hand, and economically placed in or out of the treatment room. It positions perfectly in any environment and setting due to its size, portability, and convenience.
