

CLINICIAN ADJUSTABLE SERIES

Our most popular model just got better! The Clinician's fine handmade furniture construction sets Oakworks® Spa Tables apart from the rest. It offers the perfect blend of beauty, function and value with options to have it reflect your spa's aesthetic. Now it comes standard with a removable and replaceable top!

New!
One Piece Removable Pad

Padding and fabric on tables never last as long as the bases, and occasionally they get damaged; in the past you had to replace the whole table. Our new design features finger knobs that can be removed in minutes, allowing you to remove the foam and fabric and install a new one without any special tools so your table will be serviceable for much longer.

FEATURES

Storage (Optional)

Discreetly store your supplies by using the in-tables cabinet. The sliding doors offer an opening for access to stored accessories and supplies. They are easy to open even when the table is heavily draped.

Adjustable Lift System

Our most economical system, the adjustable leg system utilizes a single knob per leg that securely locks the table at the chosen height.

BOIANCE™ FACE REST CRESCENT

This patented pad is the most comfortable on the market. And the pad is everything! The unique design features water balls that float the face and maximize natural circulation in the skin while minimizing sinus pressure.

QUICKLOCK™ FACE REST PLATFORM

The industry favorite for 20 years, this super adjustable platform securely locks in place at exactly the right position for every client. Available in black or vanilla.

ADJUSTABLE SIDE ARMREST

These versatile and comfortable removable arm rests feature a wide range of positions. They always stay level, regardless of the backrest angle. They offer comfortable positioning and can be moved completely out of the way to allow guests to get on and off the table easily.

BOIANCE SHELF SUPPORT

The shelf and bracket used together allow you to create the perfect place for clients arms when working on their back. The shelf can also be used alone as a head support for facials and other aesthetic treatments. The shelf is designed to allow therapists to relax their shoulders while working on clients, minimizing stress and injuries.
