60' Technora® Rope Personnel Winch

Single user mechanical winch for entering and exiting confined spaces features an internal braking system, including a secondary brake for redundancy. Includes integral mounting bracket for Davit and Tripod installation.

Technora® Rope:
- 8 times stronger than steel
- High temperature resistance (500 degrees F)
- UV-resistant urethane coating
- Negligible creep and elongation
- High chemical resistance

1/4" Technora® Synthetic Rope Lifeline

Zinc plated steel bracket for davit or tripod installation and durable performance

ANSI Z359.12 compliant swivel snap hook

Secondary Braking System for enhanced reliability

Collapsible handle
