

DURATECH® 9' CABLE

SELF-RETRACTING DEVICE

Rugged Mobility

The new DuraTech® 9' cable SRD is made to work where web SRD's cannot. With a light weight yet durable glass reinforced polycarbonate housing the DuraTech® 9' provides excellent worker mobility without the weight of larger cable units. Available with either galvanized or stainless steel cable, this unit is prepared to take on the requirements of even the most challenging workplace environments.

- Offset cable opening reduces wear
- 9' working length for expanded work zone
- Swivel eyes on housing and leg connectors reduce lifeline leg twisting
- Load impact indicators on leg end connector
- Fast-activating internal inertial brake

PERFORMANCE SPECIFICATIONS
