

Professional Safety Harness for Ironworkers

A Harness That Works as Hard as You

Iron and steel work push the limits of strength, endurance, and skill—demanding gear that stands up to the challenge. The **FT-Iron** harness from FallTech is made for ironworkers, combining unmatched durability, superior flexibility, and all-day comfort. Its lightweight construction and ergonomically designed leg straps allow full range of motion, so you can work harder, move faster, and stay safer—without compromise.

Key Features:

- Updated SRL connection point allows for fast, hassle-free attachment of all single and twin SRLs.
- ArrowGrip® dorsal plate minimizes dorsal D-ring slippage for consistent comfort and minimal need for adjustments.
- Heavy-duty waist belt reinforced to support extreme loads without folding while evenly distributing weight for superior comfort.
- Durable lanyard keeper design enhances versatility while maintaining ANSI compliance.
- Ergonomic Comfort Legs™ straps improve mobility and comfort, keeping you flexible throughout the day.
- Reinforced sub-pelvic strap extends the harness's service life, providing long-term durability.
