

**The Ultimate Safety Harness
for General Industry Heroes**

Step up your safety game with the FT-1910—the only harness designed to empower maintenance pros with unparalleled comfort, durability, and smart design that keeps you moving safely in any environment.

This breakthrough harness delivers:

UltraTech™ Webbing:

Webbing has a moisture-resistant, antimicrobial treatment for durable protection against moisture, bacteria, and grime.

Extra Lanyard Keepers:

Four lanyard keepers: two on the chest and one on each side of the torso to keep lanyards secure and out of the way.

Unprecedented Mobility:

Comes with lateral leg straps for maximum mobility and pinch-free movement.

Stainless Steel Grommets:

Tongue-buckle leg closures have stainless steel grommets for corrosion resistance.

Available Options:

**1D Standard
Non-Belted**

**2D Climbing
Non-Belted**

**3D Standard
Non-Belted**

**4D Climbing
Non-Belted**

All options available with quick-connect or tongue-buckle leg closures and in sizes XS to 3XL.
