

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

Product form : Mixture  
Trade name : PrimeMore Grip  
Type of product : Liquid

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

##### 1.2.1. Relevant identified uses

Main use category : Consumer use, Professional use, Industrial use

##### 1.2.2. Uses advised against

None identified

#### 1.3. Details of the supplier of the safety data sheet

##### Manufacturer

Kelmores Ltd  
The Dell  
Berry Way  
Chorley  
PR7 6RA

e-mail address of person responsible for this SDS: info@kelmore.co.uk

#### 1.4. Emergency telephone number

Telephone number : +44 (0) 1257 830511 \*Office hours only

### SECTION 2: Hazards identification

#### 2.1. Classification of the substance or mixture

##### Classification according to UK CLP/GHS

Not classified.

The product is not classified as hazardous according to UK CLP Regulation SI 2019/720 and UK SI 2020/1567.

See section 11 for more detailed information on health effects and symptoms.

#### 2.2. Label elements

##### Hazard pictograms

Not Applicable.

##### Signal word:

Not Applicable.

##### Hazard statements:

Not Applicable.

##### Precautionary statements:

Not Applicable.

##### Supplementary information:

EUH208 Contains 1,2-Benzisothiazol-3(2H)-One, 5-Chloro-2-Methyl-2H-Isothiazol-3-One and 2-Methyl-2H-Isothiazol-3-One. May produce an allergic reaction.

#### 2.3. Other hazards

This substance/mixture does not meet the PBT criteria of REACH regulation, annex XIII

This substance/mixture does not meet the vPvB criteria of REACH regulation, annex XIII

### SECTION 3: Composition/information on ingredients

#### 3.1. Substances

Not applicable

# Safety Data Sheet

## PrimeMore Grip

according to Regulation (EC) No. 1907/2006 (REACH), Annex II, as amended by UK REACH Regulation SI 2019/758 and UK SI 2020/1567

### 3.2. Mixtures

| Name                                                                                                          | Product identifier                         | %        | Classification according to Regulation (EC) No. 1272/2008 [CLP]                                                                                                                                                                                                           | Type    |
|---------------------------------------------------------------------------------------------------------------|--------------------------------------------|----------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------|
| <b>1,2-benzisothiazol-3(2H)-one</b>                                                                           | (CAS-No.) 2634-33-5<br>(EC-No.) 220-120-9  | < 0.02   | Acute Tox. 2, H330<br>Eye Dam. 1, H318<br>Aquatic Acute 1, H400<br>Aquatic Chronic 1, H410<br>Acute Tox. 4, H302<br>Skin Irrit. 2, H315<br>Skin Sens. 1, H317<br><br>Specific concentration limit: Skin Sens. 1; H317: C ≥ 0.05%                                          | [1]     |
| <b>2-methylisothiazol-3(2H)-one</b>                                                                           | (CAS-No.) 2682-20-4<br>(EC-No.) 220-239-6  | < 0.0014 | Acute Tox. 3, H301<br>Acute Tox. 3, H311<br>Acute Tox. 2, H330<br>Skin Corr. 1B, H314<br>Eye Dam. 1, H318<br>Aquatic Acute 1, H400 (M=10);<br>Aquatic Chronic 1, H410 (M=1)<br>Skin Sens. 1A, H317<br><br>Specific concentration limit: Skin Sens. 1A; H317: C ≥ 0.0015 % | [1]     |

#### Type

[1] Substance classified with a health or environmental hazard

[2] Substance with a workplace exposure limit

### SECTION 4: First aid measures

#### 4.1. Description of first aid measures

|                                              |                                                                                                                                                                                      |
|----------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>First-aid measures general</b>            | : Get medical advice/attention if you feel unwell.                                                                                                                                   |
| <b>First-aid measures after inhalation</b>   | : Remove person to fresh air and keep comfortable for breathing. If you feel unwell, seek medical advice.                                                                            |
| <b>First-aid measures after skin contact</b> | : If skin irritation occurs: Get medical advice/attention. Remove contaminated clothing and shoes.                                                                                   |
| <b>First-aid measures after eye contact</b>  | : Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Continue to rinse for at least 10 minutes. |
| <b>First-aid measures after ingestion</b>    | : Get medical attention immediately. Call a poison center or physician. Wash out mouth with water. Do not induce vomiting unless directed to do so by medical personnel.             |

#### 4.2. Most important symptoms and effects, both acute and delayed

##### Over-exposure signs/symptoms

|                     |                                                                                      |
|---------------------|--------------------------------------------------------------------------------------|
| <b>Eye contact</b>  | : Adverse symptoms may include the following: pain, watering, redness                |
| <b>Inhalation</b>   | : Adverse symptoms may include the following: respiratory tract irritation, coughing |
| <b>Skin Contact</b> | : Adverse symptoms may include the following: pain, irritation, redness, blistering  |
| <b>Ingestion</b>    | : Adverse symptoms may include the following: stomach pains                          |

#### 4.3. Indication of any immediate medical attention and special treatment needed

|                            |                                                                                                                            |
|----------------------------|----------------------------------------------------------------------------------------------------------------------------|
| <b>Notes to physician</b>  | : Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled |
| <b>Specific treatments</b> | : No specific treatment                                                                                                    |

# Safety Data Sheet

## PrimeMore Grip

according to Regulation (EC) No. 1907/2006 (REACH), Annex II, as amended by UK REACH Regulation SI 2019/758 and UK SI 2020/1567

### SECTION 5: Firefighting measures

#### 5.1. Extinguishing media

- Suitable extinguishing media** : Product is non combustible. Use fire fighting measures that suit the environment.
- Unsuitable extinguishing media** : None.

#### 5.2. Special hazards arising from the substance or mixture

- Hazardous combustion products** : Toxic fumes may be released.

#### 5.3. Advice for firefighters

- Special protective actions for fire-fighters** : Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.
- Special protective equipment for fire-fighters** : Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode. Clothing for fire-fighters (including helmets, protective boots and gloves) conforming to European standard EN 469 will provide a basic level of protection for chemical incidents.

### SECTION 6: Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

- General measures** : Notify authorities if product enters sewers or public waters.

##### 6.1.1. For non-emergency personnel

- Emergency procedures** : No action shall be taken involving any personal risk or without suitable training. Keep unnecessary and unprotected personnel from entering. Provide adequate ventilation.
- Protective equipment** : Put on appropriate personal protective equipment

##### 6.1.2. For emergency responders

- Emergency procedures** : If specialised clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. See also the information in "For non-emergency personnel".

#### 6.2. Environmental precautions

Avoid dispersal of spill material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

#### 6.3. Methods and material for containment and cleaning up

- For containment** : Collect spillage.
- Methods for cleaning up** : Dam and absorb spillage with chemical binder.
- Other information** : Dispose of materials at an authorised site or via a licensed waste disposal contractor.

#### 6.4. Reference to other sections

For further information refer to section 8: "Exposure controls/personal protection".

### SECTION 7: Handling and storage

#### 7.1. Precautions for safe handling

- Precautions for safe handling** : Put on appropriate personal protective equipment (see Section 8). Do not get in eyes or on skin or clothing. Do not ingest. Keep in the original container or an approved alternative made from a compatible material, kept tightly closed when not in use.
- Hygiene measures** : Do not eat, drink or smoke when using this product. Always wash hands after handling the product. Wash contaminated clothing before reuse. Wear personal protective equipment.

#### 7.2. Conditions for safe storage, including any incompatibilities

- Storage conditions** : Keep only in the original container in a cool, well ventilated place away from : Direct sunlight. Heat sources.
- Incompatible materials** : None

#### 7.3. Specific end use(s)

No additional information available

# Safety Data Sheet

## PrimeMore Grip

according to Regulation (EC) No. 1907/2006 (REACH), Annex II, as amended by UK REACH Regulation SI 2019/758 and UK SI 2020/1567

### SECTION 8: Exposure controls/personal protection

#### 8.1. Control parameters

| Product/ingredient name                                                                                             | Exposure limit values                                                                                                   |
|---------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------|
| A MIXTURE OF: 5-CHLORO-2-METHYL-2H-ISOTHIAZOL-3-ONE [EC NO 247-500-7] AND 2-METHYL-2H-ISOTHIAZOL-3-ONE (55965-84-9) | EH40/2005 WELs (Fourth edition, 2020) United Kingdom (UK)<br>TWA: 0.05 mg/m <sup>3</sup> 8 hours. Form: respirable dust |

None established

#### 8.1.2 Recommended monitoring procedures

No additional information available

#### 8.1.3 Air contaminants formed

No additional information available

#### 8.1.4 DNEL AND PNEC

No additional information available

#### 8.2. Exposure controls

##### Appropriate engineering controls:

In case of contamination devices to rinse eyes or skin immediately under running water must be available.

##### Personal protective equipment:

##### Hand protection:

Chemical-resistant, impervious gloves complying with an approved standard should be worn at all times when handling chemical products.

##### Body protection:

Personal protective equipment for the body should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product. Appropriate footwear and any additional skin protection measures should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product

### SECTION 9: Physical and chemical properties

#### 9.1. Information on basic physical and chemical properties

|                                            |                         |
|--------------------------------------------|-------------------------|
| Physical state                             | : Liquid                |
| Colour                                     | : Blue                  |
| Odour                                      | : Characteristic        |
| Odour threshold                            | : No data available     |
| pH                                         | : No data available     |
| Relative evaporation rate (butylacetate=1) | : No data available     |
| Melting point                              | : Not relevant          |
| Freezing point                             | : Not relevant          |
| Boiling point                              | : Not relevant          |
| Flash point                                | : Not relevant          |
| Auto-ignition temperature                  | : No data available     |
| Decomposition temperature                  | : No data available     |
| Flammability (solid, gas)                  | : No data available     |
| Vapour pressure                            | : No data available     |
| Relative vapour density at 20 °C           | : No data available     |
| Relative density                           | : No data available     |
| Density                                    | : ~ 1 g/cm <sup>3</sup> |
| Solubility                                 | : No data available     |
| Log Pow                                    | : No data available     |
| Viscosity, kinematic                       | : No data available     |
| Viscosity, dynamic                         | : No data available     |
| Explosive properties                       | : No data available     |
| Oxidising properties                       | : No data available     |
| Explosive limits                           | : No data available     |

# Safety Data Sheet

## PrimeMore Grip

according to Regulation (EC) No. 1907/2006 (REACH), Annex II, as amended by UK REACH Regulation SI 2019/758 and UK SI 2020/1567

### SECTION 10: Stability and reactivity

#### 10.1. Reactivity

The product is non-reactive under normal conditions of use, storage and transport.

#### 10.2. Chemical stability

Stable under normal conditions.

#### 10.3. Possibility of hazardous reactions

Stable under normal conditions of use.

#### 10.4. Conditions to avoid

None under recommended storage and handling conditions (see section 7).

#### 10.5. Incompatible materials

No additional information available

#### 10.6. Hazardous decomposition products

Thermal decomposition generates : Carbon dioxide. Carbon monoxide.

### SECTION 11: Toxicological information

#### 11.1. Information on toxicological effects

|                                   |                                                                     |
|-----------------------------------|---------------------------------------------------------------------|
| Acute toxicity (oral)             | : Based on available data, the classification criteria are not met. |
| Acute toxicity (dermal)           | : Based on available data, the classification criteria are not met. |
| Acute toxicity (inhalation)       | : Based on available data, the classification criteria are not met. |
| Skin corrosion/irritation         | : Not classified                                                    |
| Serious eye damage/irritation     | : Not classified                                                    |
| Respiratory or skin sensitisation | : Not classified                                                    |
| Germ cell mutagenicity            | : Not classified                                                    |
| Carcinogenicity                   | : Not classified                                                    |
| Reproductive toxicity             | : Not classified                                                    |
| STOT-single exposure              | : Not classified                                                    |
| STOT-repeated exposure            | : Not classified                                                    |
| Aspiration hazard                 | : Not classified                                                    |
| Endocrine disrupting properties   | : Not classified                                                    |
| Other information                 | : Not available                                                     |

### SECTION 12: Ecological information

#### 12.1. Toxicity

|                          |                                                                                      |
|--------------------------|--------------------------------------------------------------------------------------|
| Acute aquatic toxicity   | : Not classified. (Based on available data, the classification criteria are not met) |
| Chronic aquatic toxicity | : Not classified. (Based on available data, the classification criteria are not met) |

#### 12.2. Persistence and degradability

No additional information available

#### 12.3. Bioaccumulative potential

No additional information available

#### 12.4. Mobility in soil

No additional information available

#### 12.5. Results of PBT and vPvB assessment

This mixture does not contain any substances that are assessed to be a PBT or a vPvB.

#### 12.6. Endocrine disrupting properties

No known significant effects or critical hazards.

#### 12.6. Other adverse effects

No known significant effects or critical hazards.

# Safety Data Sheet

## PrimeMore Grip

according to Regulation (EC) No. 1907/2006 (REACH), Annex II, as amended by UK REACH Regulation SI 2019/758 and UK SI 2020/1567

### SECTION 13: Disposal considerations

#### 13.1. Waste treatment methods

##### Methods of disposal

: The generation of waste should be avoided or minimised wherever possible. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Waste should not be disposed of untreated to the sewer unless fully compliant with the requirements of all authorities with jurisdiction.

##### Hazardous waste

: No

##### Special precautions

: This material and its container must be disposed of in a safe way.

### SECTION 14: Transport information

In accordance with ADR / RID / IMDG / IATA

#### 14.6. Special precautions for user

**Transport within user's premises:** always transport in closed containers that are upright and secure. Ensure that persons transporting the product know what to do in the event of an accident or spillage.

#### 14.7. Transport in bulk according to Annex II of Marpol and the IBC Code

Not applicable

### SECTION 15: Regulatory information

#### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

##### UK (GB)/REACH

Contains no REACH substances Annex XIV - List of substances subject to authorization

Contains no REACH substances with Annex XVII restrictions

Contains no substance subject to REGULATION (EU) No 649/2012 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 4 July 2012 concerning the export and import of hazardous chemicals.

Substance(s) are not subject to Regulation (EC) No 850/2004 of the European Parliament and of the Council of 29 April 2004 on persistent organic pollutants and amending Directive 79/117/EEC.

##### 15.1.2. National regulations

No additional information available

#### 15.2. Chemical safety assessment

No chemical safety assessment has been carried out for the substance or the mixture by the supplier.

### SECTION 16: Other information

#### Abbreviations and acronyms:

ATE = Acute Toxicity Estimate

GB CLP = UK CLP (EC No 1272/2008) on the Classification, Labelling and Packaging of Substances and Mixtures as amended by (EU Exit) Regulations 2019 No. 720 and amendments

DMEL = Derived Minimal Effect Level

DNEL = Derived No Effect Level

EUH statement = GB CLP-specific Hazard statement

# Safety Data Sheet

## PrimeMore Grip

according to Regulation (EC) No. 1907/2006 (REACH), Annex II, as amended by UK REACH Regulation SI 2019/758 and UK SI 2020/1567

---

N/A = Not available

PBT = Persistent, Bioaccumulative and Toxic

PNEC = Predicted No Effect Concentration

vPvB = Very Persistent and Very Bioaccumulative
