

## SUPPLEMENT FEEDERS

*Great For Small Groups Of Hogs, 4H And FFA Projects*

All Brower supplement feeders are constructed of heavy 20 gauge galvanized steel for years of service. They have an adjustable feed gate at trough with fast feed flow, and a 1" (2.54 cm) wide feed saver lip. The 11H and 22H feeders handle 4 week-old pigs to sows. Top covers raise from back for easy filling without disturbing the hogs. Heavy weathertight trough lids keep out moisture and pests. The 1HF and 2HF feeders are ideal for confinement uses and have keyhole slots for hanging.

Brower's 2G Gro-Fast feeder is sturdily built to withstand the weather and severe abuse from the largest hogs. Large, free-acting, 16-gauge doors close automatically...designed wide enough to allow large hogs to eat comfortably. Each side has a feed slide adjustable from the outside. "Swing Type" hinges allow cover to drop down flush with side of feeder. End pieces are angle iron reinforced steel.

### HOG FEEDER SPECIFICATIONS

Model No.	Description	Approx. Capacity			Openings	Overall Size Inches (cm)			K.D.	Shipping	
		Feed	Hogs			W	L	H		Lbs.	(kg)
11H	Single Door Feeder	1.5 bu. (34 kg)	4		1	12 (30.5)	20 (50.8)	29 1/2 (74.9)	Yes	23	(10.5)
